Friends,

Following the April 2015 Coordinating Committee the Pre-Nominating Committee suggested that some basic revisions might be made to the Nominating Committee job description that would better aid them in their search for candidates.

A draft was prepared for their consideration and further revised based on feedback. Executive Committee also viewed the job description but was divided on the appropriateness of considering approval or bringing it to the full Coordinating Committee in July.

In deference to that difference of opinion we opted to defer approval until the Coordinating Committee could consider the job description.

Both the current job description approved in 2008 and the new draft are included in this document; changes summary:

- “Nominated By” corrected on bottom of page. 2008 version had “by Pre-Nominating” Committee at top and “by Nominating Committee” at bottom of document
- Removed “Needs” section which does not appear in any other NPYM job descriptions
- Considerable revision to “Definition” section
- Some additions to the “Task & Timeline” section including an emphasis on the importance of at least two face to face meetings.
